

START BEGINNING

CATALOGUE
2025

Dear Trading Partners and Friends,

This year is a very special one for us, because STABILO is celebrating 170 years as a family business. When the company was founded in 1855 – back then still under the name Bleistiftfabrik Grossberger & Kurz – the foundations for our success today were laid. For 170 years, we have been proudly producing high-quality writing instruments for young and old. I would therefore like to thank you, dear trading partners, for actively promoting our products and bringing them to the market.

In addition to marking our company anniversary, this year also represents a special milestone for our “Together” sustainability initiative. According to our projections we can reach a CO2 saving of around 50% versus our fiscal year 2019/20. We are very proud of this outstanding results and our learning curve during this process. An important part of this achievement is the change in the material used for our point 88 and Pen 68 product families. We are sourcing ISCC PLUS-certified bio-based plastics for the production of the pen bodies according to the mass balance approach. Over 1000 SKUs are affected by the changeover and therefore make up a large part of our product range. We are convinced that even in difficult socio-economic times, we must take our responsibility as a company seriously and invest in sustainable solutions.

I am also happy to present this year’s new products. With STABILO dr!ver, we now have a premium fineliner that is also made from ISCC Plus-certified bioplastics in our range. In the highlighting area, the STABILO BOSS MINI Pastel, already known from several editions, will be included in our standard range.

The STABILO BOSS MINI Naturevibes edition combines trendy earth tones with modern, organic designs. Each color has an individual design that makes every pen an eye-catcher.

Our STABILO Grow is also getting a new addition – with the STABILO Grow Ballpoint, our popular fountain pen with wooden barrel is now also available as a ballpoint pen. Similarly, the STABILO Flow Ballpoint is now also available in three colors to match the fountain pens. In addition to the ballpoint pens, our Flow range is being expanded with three new monochrome fountain pens.

Following the success of the STABILO EASYbirdy 3D Wildlife, we are launching the second round of fountain pens with 3D patterns in the learning to write range with the STABILO EASYbirdy 3D DreamWorld. Thanks to the laser-cut designs, the patterns not only are visible but also can be felt on the fountain pen.

As you can see, we as a company are constantly changing and developing ourselves and our products. In keeping with this, I would like to motivate you all to try something new as part of our “START BEGINNING” campaign. Step out of your comfort zone, be brave, and start beginning something new. No matter what it is: the book you’ve wanted to write for a long time, the dress you’ve been waiting to sew, or the café you’ve been dreaming of opening for years. Start beginning – with STABILO at your side.

Stay curious.
Yours sincerely,

Horst Brinkmann
Managing Director, STABILO International GmbH

START BEGINNING

EVERY BOOK, EVERY FILM, EVERY PIECE OF ART,
EVERY IDEA, EVERY MATHEMATICAL DISCOVERY,
EVERY SCIENTIFIC RESEARCH PAPER, AND EVEN
EVERY CAREER, STARTED WITH A THOUGHT
SCRIBBLED ON THE BACK ~~OF~~ OF A NAPKIN,
WITH A LINE ON A PAPER, WITH A HIGHLIGHTER
MARKING SOMETHING IMPORTANT.
ALL ARTISTS, SCREEN WRITERS, SCIENTISTS OR OTHER PEOPLE
WE LOOK UP TO, HAVE ONE THING IN COMMON,
AT SOME POINT IN THEIR LIVES... THEY BEGAN.

New STABILO brand campaign kicks off in January 2025

This modular campaign shows the magic of beginning in 24 scenes. To fit the worldwide use on all media, the tone of voice is kept ageless, genderless, and independent of the subject. It is an honest, tangible, and relatable campaign that will touch people on an emotional level. This also marks the beginning of STABILO's new communication look and feel.

Scan and watch the
campaign movie

BEGINNING

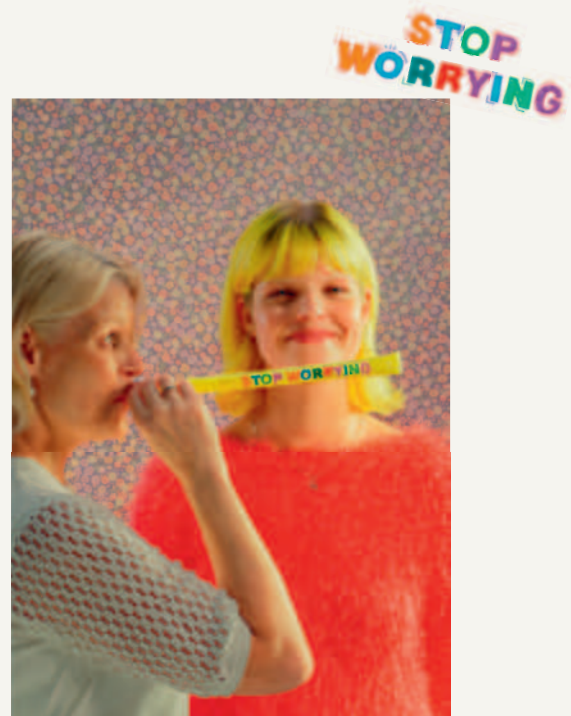

IS THE MOST CRUCIAL PART
OF EVERY EVOLVEMENT.
IF YOU DON'T BEGIN,
THERE'S NOTHING

BEGINNING

IS THE MOST BEAUTIFUL
MOMENT OF EVERY PROCESS.
AT THE BEGINNING, THERE ARE
NO LIMITS, NO IF'S OR BUTS,
AND NOTHING IN-BETWEEN.

AND BEGINNING TAKES GUTS.
IF YOU BEGIN, YOU'RE
VULNERABLE.
YOU'RE GOING TO DO
SOMETHING YOU'VE
NEVER DONE BEFORE.

AT STABILO WE ENABLE
PEOPLE TO BEGIN.
AND WE BELIEVE,
EVERYBODY ~~SHOULD~~ SHOULD
START DOING IT.

STABILO® GREEN FOR EVERYONE WHO CARES ABOUT THE ENVIRONMENT.

At STABILO, we commit to a sustainable handling of resources. We aim to minimize environmental impact by using modern technology and materials. All wooden pencils* from the STABILO GREEN range are made of 100 % strictly controlled FSC® certified wood, ensuring considerate forestry. With some products being refillable and others made from recycled materials, the range reflects our ambitions.

Choosing products from the STABILO GREEN range means not only embracing the latest progress in terms of sustainability but also making a significant contribution to the preservation of our planet. Let's create a positive impact – on nature and on your creativity!

* STABILO® GREENgraph, STABILO® GREENtrio and STABILO® GREENcolors belong to our STABILO® GREEN range.

CREATING NEW FROM OLD

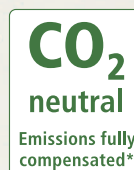

- STABILO GREEN BOSS® and GREEN BOSS® Pastel are made of 83% recycled plastics.
- This means natural resources such as water and energy are conserved and piles of waste are reduced in size.
- In order to ease the burden on the environment and to develop new sustainable products, STABILO is constantly researching new technologies and bringing them in line with market requirements.

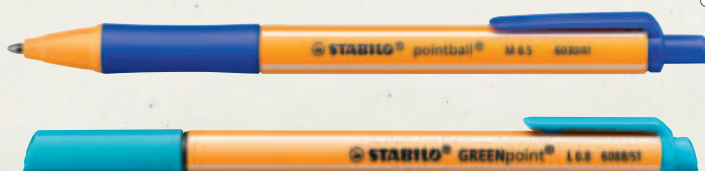

STABILO® GREEN BOSS®, pp. 213-214
STABILO® GREEN BOSS® Pastel, p. 215

CLIMATE-NEUTRAL PRODUCTS

- STABILO GREENpoint® and STABILO pointball® are CO₂ - neutral products. This means that CO₂ emissions generated for these products have been fully compensated.
- To make a product climate neutral, first all CO₂ emissions including transport and packaging are determined. If possible, these emissions are reduced, for example by using other materials or new production machinery.
- However, there are still always some emissions that are not reduced and are therefore compensated, i.e., offset. This compensation can be done, for example, by supporting a climate protection project.
- We support a project in Uganda that ensures access to clean drinking water for households and schools.

STABILO® GREENpoint®, p. 149
STABILO® pointball®, p. 166

Learn more:

Committed to sustainable wood

We are pioneers when it comes to the most important certifications and awards, as STABILO has received the FSC® certification already in 1998.

Today, 100% of the wood in every pencil produced in-house comes from exemplarily sustainable forests.

Depending on the certification of the wood we use to the production, we can use the certification logos in the context of the respective STABILO products. For some products we use both FSC® and PEFC certified wood, but due to logo usage regulations of FSC® and PEFC, it is not allowed to promote both certification on the same product. For this reason, these products cannot be promoted as products with FSC® or PEFC label.

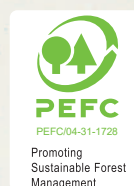

Let's take a look at which products have which certification - and which product can be labeled with an FSC® or PEFC trademark.

We keep working on reducing our Corporate Carbon Footprint!

The topic of what "climate neutral" means and what it means for consumers is being discussed a lot these days. But we decided to stick to our goals, because we believe the reduction of CO₂ emissions is still a key factor to face climate crisis.

We see what we have already achieved and we feel the energy Together has ignited within STABILO. We have a lot of ideas coming up. This feels right – this is right!

TOGETHER WE WILL...

- ...keep reducing our CO₂ emissions.
- ...find ways to create a better tomorrow.
- ...not stop having fun while doing so.

WE ARE IN A LEARNING PROCESS.

Everyone has to question their own actions everyday and approach their task with a fresh and unbiased view.

But together we can master this challenge!

Learn more:

OUR Corporate Carbon Footprint JOURNEY

2020
Start of the STABILO
"Together" initiative

Goal 2025
Climate neutral

FY 19/20: First Corporate Carbon Footprint (CCF) calculated

Focus on **3 main emission drivers:**

- Energy
- Packaging
- Raw materials

FY 21/22: Stable CCF even with further improved calculation

Since 2021
ISCC PLUS certified
Step-by-step certification of all sites

2021 By recycling plastic:
90 tons of plastic are avoided per year

FY 20/21: Rising CCF due to better and more detailed calculation

2020: large solar power system at our plant in Malaysia (covers 35% of energy requirement)

Since 2022
solar panels
In production facility in Czech Republic

Since 2022
fountain pen „STABILO Grow“:
raw materials save 70% CO₂

FY 22/23: CCF: – 20% vs. Previous year!

Since 2023
100% climate-neutral electricity at ALL sites

our Milestone 2025

FY 24/25
CCF: – 50% vs. 19/20

2024 bio-based plastic (mass balance)

- supply chain established to process **ISCC PLUS certified bio-based plastics**, which saves approx. 2kg CO₂ per kg (own calculation)

2023 smart packaging!

3 machines → 1.5 million Invest – redesign of > 120 packaging units: saves more than **30 tons** of plastic a year

Strong partners with powerful ideas!

The acronym ISCC stands for International Sustainability and Carbon Certification. It is an independent multi-stakeholder initiative with various interest groups from the fields of R&D, education, industry, agriculture and the public sector. At the same time, ISCC is a leading international certification system for the circular economy and bioeconomy. ISCC PLUS certification is a voluntary certification scheme for, among others, plastics, rubber, adhesives and chemical substances. ISCC's objective is to promote sustainable, deforestation-free and **climate-friendly** supply chains to protect forests, carbon-rich soils and **biodiversity**.

What does the ISCC PLUS label on the packaging tell you?

- 1) The percentage is the **proportion of certified bio-based plastic** that was sourced for the production of pen body using the mass balance approach. The calculation does not include parts that are not made of plastic and/or do not belong to the pen body, e.g., metal clips, ink, ink reservoirs and nibs.
- 2) The circle of three leaves symbolizes the raw material category of the certified material as bio-circular. This means it can be traced back to **biological waste and residues** (e.g., tall oil and cellulose from the sustainable paper industry, or used cooking oil). The material is therefore not competing with food or feed, and that includes in terms of acreage.
- 3) This shows which **product component** is certified. In the case of STABILO products, this is the plastic of the pen body including cap.
- 4) Mass balance approach indicates that the bio-based plastic is attributed to the product via a bookkeeping method monitoring the whole supply chain from raw material to endproduct.

Biowaste instead of crude oil!

At STABILO, we source ISCC PLUS certified bio-based plastic under the mass balance approach. This is great because it replaces fossil fuels like crude oil or natural gas in plastics with bio-circular materials. Bio-circular material is biowaste, e.g. used cooking oil or wood waste from the paper or forestry industries. Bio-based feedstocks use less CO₂ than fossil fuels. This is good for our climate and reduces the carbon footprint of our products. From 2025 STABILO sources ISCC PLUS certified bio-based plastic for point 88, Pen 68 and driver. There are no changes to the product itself. Its appearance and quality are exactly as before.

Two icons creating a better tomorrow

For over four decades, point 88 and Pen 68 have been staples in households worldwide, with millions sold each year. Now, STABILO is taking a bold step into the future by transitioning these essential products to ISCC PLUS certified bio-based plastic. This change is not without its risks, as the new material must meet stringent quality standards and be available in sufficient quantities to ensure continued reliability. Despite these challenges, STABILO is committed to this change as a forward-thinking decision for the future. The new material not only maintains the high quality that customers expect but also significantly reduces the company's carbon footprint. By adopting this sustainable alternative, STABILO is set to lower its CO₂ emissions by approximately 850 tons annually. Embrace the future with point 88 and Pen 68 – in renown quality but more sustainable than ever.

The change in material affects not only the **STABILO point 88** and the **STABILO Pen 68**, but also their respective product families. For the STABILO point 88 product family, this includes the **STABILO point 88 Mini**. In the STABILO Pen 68 product family, this affects the **STABILO Pen 68 Mini**, **STABILO Pen 68 brush**, **STABILO Pen 68 metallic** and the **STABILO Creative Tips**.

The material change affects the following products:

Pen 68,
Pen 68 Mini,
Pen 68 brush,
Pen 68 metallic,
Creative Tips

point 88,
point 88 Mini

STABILO® Grow Fountain pen

Whether oak, beech, or cherry – each pen is unique due to its special grain. The STABILO Grow also boasts other intrinsic values: STABILO places value on renewable raw materials such as bioplastics, natural fibers, and certified wood to produce a stylish, eco-friendly product.

approx. 35% of the conventional plastic is replaced by natural fibers (sunflower seed hulls)

100% FSC®-certified wood
from well-managed forests

100% bioplastics based on
renewable raw materials

MATERIAL

How can we increase the use of recycled or renewable material?

As a family-owned company, we at STABILO, are committed to environmental responsibility of our products. Besides the smart material selection which reduces carbon emissions, any unavoidable CO₂ emissions are offset through our partnership with myclimate.

STABILO® EASYbirdy 3D DreamWorld

The ergonomically shaped fountain pen STABILO EASYbirdy 3D DreamWorld is the ideal writing companion for beginners at school. It was specially developed for students who are in the process of learning to write. The edition comes in two versions: the pink fountain pen features an intricate design with fairies, unicorns and butterflies and the blue fountain pen is covered in an outer space themed design with planets, stars and rocketships. The designs are engraved as a 3D-relief structure and shimmer brilliantly and can be felt when brushing over it.

NATURE
vibes

NEW

The STABILO BOSS® MINI Naturevibes are a range of six mini highlighters in soft, muted shades that are inspired by nature's color palette. Each of the highlighters comes with an organic design printed on the back. The trendy motifs are designed by a member of the target group – from Gen Z for Gen Z. The combination of muted colors with the organic motifs is exactly what Gen Z is looking for.

It comes in known and proven STABILO quality, making the highlighter a reliable companion in class and at work. The chisel tip offers two line widths – 2 and 5 mm. Thanks to the STABILO Anti-Dry-Out technology, the mini highlighter can be used for up to 4 hours without the cap on for focused, carefree work.

STABILO® FREE Acrylic

The STABILO FREE Acrylic Marker is the perfect creative companion. Personalize surfaces, try it yourself, and leave your comfort zone. You make the rules. Whether on paper, cardboard, plastic, canvas, stone, synthetic leather or more. The three tips offer a variety of line widths – from 1 mm all the way to 10 mm. The marker is easy to use: **SHAKE** the closed pen vigorously for 30 seconds with the cap closed until the balls inside move freely. This distributes the pigments evenly. **PUMP** the tip 1-2 times on separate paper and allow paint to flow into the tip. That's it, you're all set to **CREATE**. The versatile acrylic marker impresses with its striking STABILO design and proven STABILO quality.

STABILO® Education THE WRITING EXPERT

Pen and writing have always been close to STABILO's heart. STABILO Education has set itself the goal of making learning to write easier.

We represent a unique writing concept that combines handwriting and digitalisation in a sustainable way. The innovative product portfolio for all age groups has been developed based on this idea, always with the aim of providing the best possible support in developing fluent and effortless handwriting.

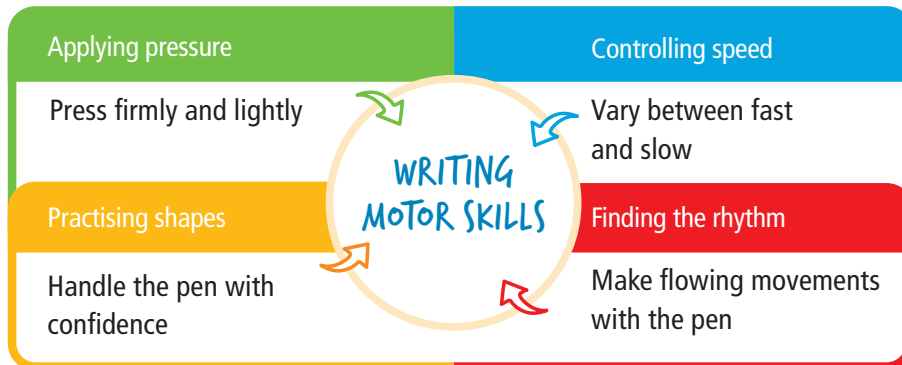

Numerous children have problems with their handwriting. And the situation is often more dramatic at secondary schools, where the effects on general school performance are most evident. Therefore, it is important not to focus only on reading or mathematics when learning. Experts recommend training of motor skills at all ages, because an improvement in handwriting can lead to an overall improvement in school performance.

STABILO Education takes this into account in its overall concept.

The product portfolio covers all ages and education levels. It provides support at home, at school, in kindergarten and in occupational therapy. Handwriting and the motor skills used for handwriting can be improved at any age and are the key to education and success in school.

Writing motor skills are mainly composed of four different key skills:

They form the basis for fast and fluent handwriting. The motivating concepts contribute greatly to the development and strengthening of these skills.

The concept

Learning to write is comparable to learning to walk: the first steps are not perfect. On the contrary, learning success is achieved by falling down and getting up again – trial and error!

It is the same with learning to write: the main goal should not be a perfect typeface, but rather automation of the writing movements.

Learning to write is mainly about training the writing motor skills. If the writing movements are not yet automated, you can draw letters, but you cannot write yet. This drawing of letters requires so much attention that it is impossible to concentrate on the content or the language of the text.

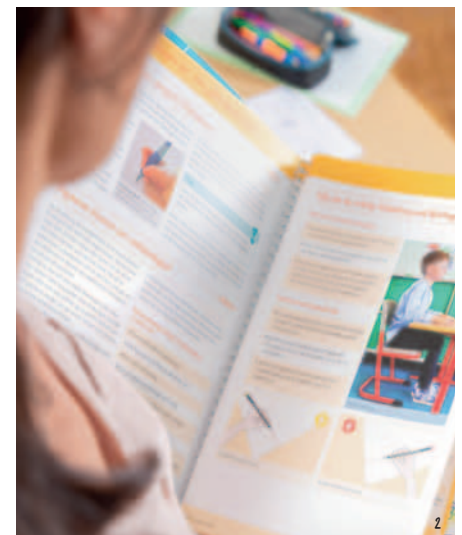

It is therefore important to train the writing movements whose proper interaction leads to mature writing motor skills.

The product portfolio

Inspired by this, STABILO Education has developed an innovative product portfolio for all age groups, always with the aim of providing the best possible support in developing fluent and effortless handwriting. The concept is unique, as it is based on writing motor skills.

The product portfolio includes digital pens and apps as well as a variety of digital and analogue learning materials and training courses. It is specially developed to satisfy all needs, from pre-school age to adulthood.

Everyone can achieve a passion for writing.

- 1 STABILO ErgoPen Neo for occupational therapists
- 2 Books for pre- and primary school teachers
- 3 E-book for teenagers and adults

product video

STABILO® EduPen Neo

THE DIGITAL ASSISTANT FOR TEACHERS AND EDUCATORS

The unique digital pen for teachers assists in the rapid assessment and individual support of handwriting skills in the classroom.

Designed specifically for use by teachers, the product creates an optimal symbiosis between writing on paper and digital analysis.

The integrated exercises complement the exercise books and teaching aids for writing motor skills training, thus forming a comprehensive overall concept.

The STABILO EduPen achieves a unique combination of handwriting and digitalisation.

Distributed by the Sales Office Team of STABILO Education in Germany.

Benefits

- Objective learning level after five-minute test
- Exercise with individual worksheets
- Motivating training of writing and grip pressure with live feedback
- Exercise packages for all school types
- Only one pen required per class/institution
- Ease of work for teachers
- Digital teaching, simple and intuitive

For all school levels

pre-school

primary school

secondary school

Grip pressure measurement

How the STABILO® EduPen Neo and app work.

Children have individual capabilities that teachers are not aware of right from the start. The EduPen Neo helps teachers to quickly assess these writing capabilities and support them in different ways from the very beginning.

1. Learning level test in just five minutes

The teacher initiates the test within the app while the pupil writes on paper. The rest is completed by digital communication between the pen and the app.

2. Evaluation with one click

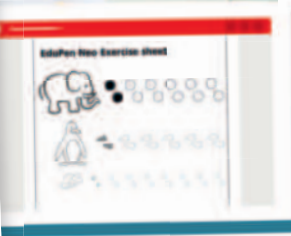

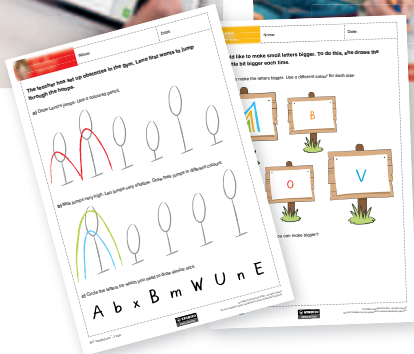

Every pupil gets a competence profile and an assignment to a writing team.

3. Differentiated instruction

Suitable worksheets are available in the app for printout for all school levels.

New live-feedback training

Can be used to train grip and writing pressure in a playful way. The pupils receive direct feedback.

Top marks

The children are totally motivated when holding the pen. The pen has magical powers.

Petra, teacher
Primary school

An enrichment for every school!

Andrea, teacher
Special school

It's very easy. With little effort, I have the possibility to support the children. This is an all-inclusive package.

Michaela, head teacher
Primary school

STABILO® ErgoPen Neo
FOR OCCUPATIONAL THERAPISTS:

Simply and efficiently measuring writing motor skills.

COLORING

MORE POPULAR THAN EVER.

STABILO® Pen 68: A CLASSIC MEETS ZEITGEIST.

A TRENDY PRODUCT.

65 premium colors promise endless creativity – it's no wonder that the STABILO Pen 68 is perfect for popular hand lettering, DIY and sketchnotes trends. Creative people and artists love the variety that allows them to put their ideas to paper with a burst of color. This is also demonstrated by the impressive work of the STABILO artists, who create worlds both great and small with great attention to detail.

The pictures composed by these talented artists, who are actively supported by STABILO, regularly receive a large number of hits on social media. The STABILO Pen 68 guarantees brilliant colors and is proof that even a classic will continue to find new target groups – and will remain a reliable sales boost to any range.

ISCC PLUS-COMPLIANT BIO-BASED PLASTICS SOURCED FOR STABILO PRODUCTS

Biowaste instead of crude oil!

At STABILO, we source ISCC PLUS certified bio-based plastic under the mass balance approach. This is great because it replaces fossil fuels like crude oil or natural gas in plastics with bio-circular materials. Bio-circular material is biowaste, e.g. used cooking oil or wood waste from the paper or forestry industries. Bio-based feedstocks use less CO₂ than fossil fuels. This is good for our climate and reduces the carbon footprint of our products. From 2025 STABILO sources ISCC PLUS certified bio-based plastic for point 88, Pen 68 and dr!ver. There are no changes to the product itself. Its appearance and quality are exactly as before.

*PEN BODY

STABILO® Pen 68

STABILO® Pen 68 brush

Premium fibre-tip pen with brush tip

ENHANCED CREATIVITY: PEN 68 NOW HAS A FLEXIBLE BRUSH TIP.

Target group

- Everyone who has always wanted to try out brush lettering but hasn't dared to do it yet: The STABILO Pen 68 brush is suitable for both beginners and advanced.
- Hobby artists, brush experts and lettering fans who like to explore new creative trends and new drawing and writing techniques.
- Everyone who likes to draw, highlight, try things out and live a colorful life.

Product features

- The flexible, premium fibre-tip pen for creative drawing and writing with a brush tip.
- A variety of results with one pen: It's easy to play with the line thickness by changing the pressure.
- The all-rounder for creating a variety of colorful lines: For coloring in, highlighting, underlining, shading – in other words, everything you need to try out popular creative trends such as brush lettering, etc.

- The perfect way to learn brush techniques quickly: Practicing with the writing pressure gives beginners feel for lettering with quick success.
- Advanced artists can apply fantastic creative techniques such as color blending and aquarelle methods. Tip: Thanks to the water-based ink, you can create impressive and magical aquarelle-effects with a brush and a little water. The results depend on the color and paper selected. For the best effects, use aquarelle paper.
- A perfect match for combined creative projects: The inks of the Pen 68 brush colors are identical with those of Pen 68 and point 88 standard colors.
- A reliable brand made in Germany.
- Up to 24 hours of dry-out protection without cap.
- Developed by and together with fans – made to meet creative needs.
- ISCC Plus certification: 96 % bio-based plastic has been sourced to produce the pen body (mass balance) – scan QR code for more information!

Dealer benefits

- The Pen 68 brush is the perfect creative enhancement because the Pen 68 and the Pen 68 brush go together perfectly. The Pen 68 brush is an addition in the creative area and its flexible brush tip opens up many application options for exercising creativity.
- For decades, the Pen 68 has been a popular, classic product to use in school, at university, in the office and during leisure time.
- With the Pen 68 brush, STABILO is moving brush lettering out of its niche category.
- Thanks to the premium quality, it is also a great idea for Christmas and birthday gifts or for other occasions.
- This product is the answer to the current boom in the do-it-yourself trend and its respective needs.

STABILO® Pen 68 metallic

Premium metallic fibre-tip pen

GIVE YOUR CREATIVE PROJECTS THAT SPECIAL SPARKLE.

Target group

- For young people, adults, and all Pen 68 fans.
- For hobby artists who want to give their artworks a special touch with brilliant metallic effects on a white, colored, or black background.
- For anyone who is looking for a special pen to create personal greeting cards and small drawings or for decorating and hand lettering.

Product features

- 8 shimmering colors provide fantastic metallic effects and accents in gold, silver, copper, metallic blue, metallic green, metallic violet, metallic rose and metallic light green.
- The glittering metallic colors are highly visible on smooth surfaces such as metal, foil, or paper – and they're smudge-proof on these surfaces after a short drying time.
- Start your creative work right away: no shaking or pumping necessary before use.
- Dazzling metallic effects create special highlights with great brilliance and luminosity – even on black and colored backgrounds.

- Rich color application with the robust M-tip (medium).
- 1.4 mm line width is ideal for decoration, drawing, and hand lettering.
- Great light resistance, thanks to water-based ink with selected premium pigments.
- For best results, store the pens horizontally.
- ISCC Plus certification: 96 % bio-based plastic has been sourced to produce the pen body (mass balance) – scan QR code for more information!

Dealer benefits

- Expansion of target groups by addressing hobby artists and do-it-yourself fans.
- The fashionable, popular fibre-tip classic in 8 opulent metallic colors for special occasions and for a daily immersion in creativity.

STABILO® Creative Tips

FIVE TIPS FOR ENDLESS CREATIVE POSSIBILITIES.

Target group

- Creative minds who want to express themselves using different-sized tips.
- Everyone who loves colorful creativity on paper.
- Hobby artists who want to try out and combine different tips and strokes.
- Handlettering and sketching artists looking for an all-in-one package.

Product features

- The premium selection of five different tips is the ideal combination for creative writing, drawing, lettering and sketching.
- The range includes three needlepoint tips, a felt tip and a brush tip.
- Extra-fine 0.2 mm needlepoint for the most delicate and precise lines.
- Thin 0.4 mm needlepoint with a cushioned tip for comfortable and neat application.

- Needlepoint in 0.7 mm width with a cushioned tip for slightly thicker strokes.
- The 1 mm felt tip offers a sturdy tip for bold lines and large areas.
- Flexible brush tip for thin and thick lines, depending on the pressure applied.
- The two cushioned tips (0.4 mm and 0.7 mm) adapt to the writing pressure.
- Water-based, aquarellable ink for even more creative possibilities.
- Ventilated cap.
- All five tips in 16 brilliant colors.
- Available in various color combinations.
- ISCC Plus certification: 96 % bio-based plastic has been sourced to produce the pen body (mass balance) – scan QR code for more information!

Dealer benefits

- The best tips from STABILO to mix and match different strokes and styles.
- The larger sets include all five tips in each color, making them the perfect gift.
- The smaller sets are the ideal starter pack as they also offer all five tips in one set.
- The Creative Tips are a great complement to the STABILO ARTY range.

STABILO® Trio® DECO

Metallic fibre-tip pen

CHILD-FRIENDLY AND CREATIVE: MAKES PICTURES AND CHILDREN'S EYES SHINE.

Target group

- Artists, both young and old, who love to be creative with shiny metallic colors.
- Parents who want to encourage their children's creativity.
- Do-it-yourself fans who want to create projects that sparkle.

Product features

- Brilliant metallic colors make creative projects shine and invite you to draw and decorate.
- Color in larger areas quickly with the extra thick XL-tip and intensive ink application.
- Fits perfectly in a child's hand thanks to the ergonomic triangular grip zone.
- The glittering metallic colors are clearly visible on absorbent surfaces such as colored and dark paper, cardboard and wood, plus many others.
- A great tool for special occasions and do-it-yourself ideas, such as designing cards or decorating gifts.
- For best performance, store the pens horizontally due to glitter particles in the ink.
- Ventilated cap.

Dealer benefits

- The creative and colorful packaging design encourages spontaneous purchases.
- A special art product all year round and a strong sales generator during the Christmas season.
- The metallic colors will make your collection shine.

STABILO® FREE Acrylic

Acrylic marker

YOUR RULES, YOUR STABILO FREE.

Target group

- Creative minds, design in illustration, design, street culture, graffiti, arts & crafts.
- (Hobby) artists and DIY enthusiasts who want to express their creativity in a versatile way.

Product features

- Acrylic marker with pigmented ink and silk-matt finish.
- Opaque, lightfast and permanent on a variety of surfaces including cardboard, canvas, stone, synthetic leather, wood and, of course, paper.
- Available with three different tips for fine, medium and broad strokes for maximum creativity.
- The T100 comes with a fine round tip with a line width of 1-2 mm – perfect for thin lines and small details.
- The T300 has a 2-3 mm round tip, making it perfect for bold lines and coloring in smaller areas.
- The T800C has a wide chisel tip that provides a line width of 4-10 mm, depending on which side is used. It's perfect for covering large areas and adding shadows.

- As part of the ARTY range, the STABILO FREE stands for endless possibilities and creative expression – on paper and beyond.
- Versatile techniques thanks to the high quality acrylic paint: can be mixed or blended when wet, high opacity, paint layer can be painted over when dry.
- When the base surface is more porous, drying is faster and adhesion is better. On very smooth surfaces, we recommend a primer spray and a fixative to increase durability.
- Easy to use: Shake closed pen vigorously for 30 seconds, pump paint into tip 2-3 times, now your free to create.
- For lasting enjoyment of the product: Close pen immediately after use and store horizontally.
- Environmentally conscious: more than 58% of all plastic components that are used in the pen are recycled and the packaging is made from FSC®-certified cardboard.

Dealer benefits

- Indispensable extension of the product range: STABILO FREE Acrylic Marker for free creative fun.
- Must-have product group that is up-to-date with creative trends in familiar STABILO quality.
- Eye-catching and easy to recognize: the iconic STABILO edge stripes.

STABILO® woody 3 in 1

ALWAYS DIFFERENT. ALWAYS CREATIVE.

SCRAPING TECHNIQUE

- Child's play: firstly, draw several layers of color on top of each other on a sheet of paper – starting with the light colors. The last layer should always be black or a dark color. Use a scraper or a bigger coin to scrape a picture in the dark layer. This reveals the wonderful colors beneath.

FROTTAGE TECHNIQUE

- Place a coin, a leaf or any flat object under the paper and draw over the paper with the STABILO® woody 3 in 1. As if by magic, the structure of the object now appears on the paper.

PASTEL TECHNIQUE

- If it's subtle color transitions and new color variations you want – simply smear the colors of the picture with something soft like cotton pads. Coarse paper is best for this technique. Professionals use fixing spray to ensure the color adheres to the paper for as long as possible.

LET YOUR CREATIVITY FLOW

SCRAPING

FROTTAGE

PASTEL

24 brilliant colors

STABILO® woody 3 in 1

ALWAYS DIFFERENT. ALWAYS CREATIVE.

.....

WATERCOLOR TECHNIQUE

- Great art made easy: firstly, use the STABILO® woody 3 in 1 to apply various color splashes to the paper. Then paint over and mix the splashes with a damp brush – as if they were water colors. Thicker paper is best for painting good watercolor pictures, as it doesn't get soggy so easily.

STENCIL TECHNIQUE

- A simple technique for effective contours and exciting color gradients: firstly, color the edges of the stencil with your STABILO® woody 3 in 1. Then put the stencil on the paper and rub the color from the stencil onto the paper.

HAIRDRYER TECHNIQUE

- Blow dry the lead of the pencil – this changes the structure of the color. The soft, malleable color can now be applied to the paper. By smearing the colors, you will create wonderful, flowing color gradients. For optimum results, use the hairdryer on medium level/level 2 or max. 60 °C.

Warning! Not suitable for children. Risk of burns.

COLORING

STABILO® CarbOthello

Chalk-pastel pencil

THERE'S NO ART TO SELLING THESE.

Target group

- Artists, art students and people with creative hobbies.

Product features

- Wonderfully dry and dusty stroke, just like charcoal.
- Lead diameter 4.4 mm.
- Can be mixed and blended dry.
- Partially aquarellable: contours remain visible.
- Brilliant results on dark backgrounds and delicate papers, too.

- Available in 60 shades, various ranges and also individually.
- High pigmentation guarantees great luminosity and opacity as well as color-fastness and color brilliance.
- The wooden shaft protects the lead from breaking.

Dealer benefits

- STABILO quality that appeals to the most discerning customers.
- Clear proof of expertise in the creative product range.

LEARNING TO WRITE

STABILO® EASY Family

OFF TO AN EASY START.

LEARNING TO WRITE SHOULD BE FUN.

Learning to write in kindergarten and school is important, especially in the beginning. Better ergonomics make practising easier and learning more enjoyable. That's why STABILO has developed special pens tailored to age and hand size – perfect support from the first writing attempt in kindergarten, all the way to improving writing skills in primary school. Versions for left- or right-handers ensure writing comfort and prevent premature fatigue. Unique grip moulds allow the correct finger position. Starting school is exciting enough, so we do everything we can to ensure that the children feel comfortable when they do.

BEST GRADES FROM THE EXPERTS

- Prof. Dr. Ing. Ralph Bruder, Head of the Institute of Ergonomics at Darmstadt University of Technology and expert in product ergonomics:

- Dr. Christian Marquardt, Fine motor skills expert, Science&Motion GmbH Munich

"The prescribed gripping position provides children who are learning to write with support in practising their own optimal gripping position."

"By building children a bridge between drawing and writing, you make it considerably easier for them to develop flowing handwriting."

"STABILO EASY Start products performed better in tests. Why? There are versions for left- or right-handers, along with ergonomic grip moulds which give children's hand something to hold on to."

"As a scientist I can recommend STABILO EASY pens. Parents make an excellent choice for their kids with these products."

COLORING

STABILO® EASYcolors, page 127

The colored pencil for preschool kids and school children aged 5 and over.

- The first ergonomic STABILO fountain pen with a wooden shaft specially designed for right- and left-handers.
- The fountain pen features a shaft made from light maple wood.

- Provides the best individual hand posture as the nib can be fitted at 3 different angles.
- Enclosed nib protects against ink stains.
- Individual, replaceable nib in 2 sizes: beginner A and EF (only available in Asia).
- Grip zone made from non-slip material provides the perfect grip.
- Prevents muscle fatigue thanks to a relaxed hold.
- Neat and tidy handwriting thanks to easy handling – doesn't blot, doesn't scratch.
- Easy to replace nib – alternatively also with a new grip zone.
- Comes with 1 royal-blue, erasable-ink cartridge.
- Refillable with 2 small, standard ink cartridges.

Dealer benefits

- The fountain pen with a wooden shaft appeals to parents who want to provide their children with an ergonomic and robust writing instrument.
- Developed together with children, teachers and experts: STABILO quality made in Germany.
- Ergonomics is a key selling point for discerning parents.
- All primary school writing systems from a single source.

STABILO® EASYbuddy®

Ergonomic school fountain pen

YOUR BEST SCHOOL BUDDY.

Target group

- School children aged 8 and over.
- Parents looking for ergonomic, high-quality writing instruments for their children.
- Teachers who want to support their pupils with high-quality writing products.

Product features

- STABILO fountain pen ergonomically designed especially for children's hands.
- Prevention of premature muscle fatigue thanks to a relaxed hand posture.
- Comfortable writing with non-slip soft grip zone – ideal for left- or right-handers.

- Neat and tidy handwriting due to easy handling – doesn't blot, doesn't scratch.
- Extra-large viewing window for easy monitoring of ink levels.
- Easy to refill with 2 small, standard ink cartridges.
- Comes with 1 royal-blue, erasable-ink cartridge.
- Choose from 8 popular color combinations: dark blue/light blue, purple/magenta, coral/red, lime/green, black/light blue, black/magenta, black/coral and black/lime.
- Replaceable iridium nib in 3 sizes (extra-fine EF, standard M and left-handers L).
- No „pump“ effect and blotting because tip is protected by a spring-loaded cap.

- Specially designed cap prevents ink from drying out and ensures that the ink does not leak.
- Easy-to-replace nib incl. new grip zone.

Dealer benefits

- Developed together with children, teachers and experts: STABILO quality made in Germany.
- Ergonomics is a key selling point for discerning parents.
- All primary school writing systems from a single source.

STABILO® EASYoriginal Holograph Edition

Ergonomic rollerball

LEARNING TO WRITE

FOR SHIMMERING MOMENTS AT SCHOOL.

Target group

- For those learning to write and school children aged 6 and over.

Product features

- Ergonomic rollerball for left- or right-handers, designed especially for children's hands.
- The highlight: Striking color change effect at the end of the pen.
- Grip zone made from non-slip material.
- Relaxed hold prevents muscle fatigue and pain whilst writing.

- Easy, comfortable handling means neat and tidy handwriting – doesn't blot or scratch.
- Royal-blue erasable ink suitable for school (medium 0.5 mm).
- Refillable with all STABILO EASYoriginal refills – changing the ink color is now quicker and less messy thanks to the new writing tip on every new refill.
- Refills available in line width 0.3 mm for a finer writing (in blue) and line width 0.5 mm (in blue and black).
- With space for a name tag.

Dealer benefits

- Ergonomics – discover this key selling point for your most discerning customers!
- Special holographic effect provide a sales narrative and increase demand.

Available for a limited time only.

STABILO® MARKdry

Dry whiteboard and flipchart marker

THE PERFECT MARKER FOR TEACHERS AND STUDENTS

Target group

- Schools and educators who are looking for a durable and safe whiteboard and flipchart marker that they can safely share with their students.
- Parents and children who use whiteboards for private purposes.
- Anyone looking for a reliable and durable alternative to conventional liquid ink whiteboard markers.
- Anyone who conducts training courses or workshops and frequently switches back and forth between whiteboard and flipchart.

Product features

- Wood-cased marker with a dry lead for whiteboards and flipcharts.
- The pen does not dry out, making it durable and ready for use at all times.

- The lead is very economical to use and ensures steady color consistency to the very last stroke.
- Can be dry- and wet-wiped from smooth, non-porous surfaces.
- Reliable, durable and safe product that can be used by kids in schools.
- You can easily switch between whiteboard and flipchart: does not bleed or soak through the paper.
- Made from 100% PEFC-certified wood.
- No more losing caps!
- Solvent-free, odorless.

Certificates

- PEFC (Program for the Endorsement of Forest Certification Schemes) and STABILO:
 - are involved in a responsible forest management
 - avoid the use of pesticides and protect endangered species
 - realise their ideas in accordance with the ISO standards from a certified forest of 300 Mio. ha
 - Since 2008, certified by PEFC (PEFC/04-31-1728).

Dealer benefits

- A true alternative to traditional liquid ink markers.
- One product — two applications: suitable for whiteboards and flipcharts.

STABILO MARKdry

- individual pen with barcode

WRITING

STABILO® point 88®

65 COLORS – AS COLORFUL AS LIFE ITSELF.

THE PEN OF CHOICE FOR WRITING AND SKETCHING.

The STABILO point 88 started its career as a fineliner for precise writing in 1977. And what a career it's had! Since then, over 3 billion pens with the characteristic white edges have been sold. The STABILO point 88 is used by school kids, students and teachers to make notes, by politicians to write speeches, by designers to design objects and layouts, and by managers to develop strategies.

Thanks to its 65 brilliant colors – including popular pastel and neon shades – the STABILO point 88 has long been the perfect tool for creative people. Concept sketches, doodles, handlettering, mandalas, sketch notes and calendars can all be enhanced by its fine lines. Its variety provides the inspiration and motivation to create. Every great idea starts with a STABILO point 88.

ISCC PLUS-COMPLIANT BIO-BASED PLASTICS SOURCED FOR STABILO PRODUCTS

Biowaste instead of crude oil!

At STABILO, we source ISCC PLUS certified bio-based plastic under the mass balance approach. This is great because it replaces fossil fuels like crude oil or natural gas in plastics with bio-circular materials. Bio-circular material is biowaste, e.g. used cooking oil or wood waste from the paper or forestry industries. Bio-based feedstocks use less CO₂ than fossil fuels. This is good for our climate and reduces the carbon footprint of our products. From 2025 STABILO sources ISCC PLUS certified bio-based plastic for point 88, Pen 68 and driver. There are no changes to the product itself. Its appearance and quality are exactly as before.

STABILO® point 88®

Fineliner

*PEN BODY

A CLASSIC THAT'S HOT PROPERTY.

Target group

- The universal fineliner for school children, students and professionals.

Product features

- Europe's number one fineliner.

STABILO® Grow

Climate-neutral* fountain pen

WRITING COMFORT, DESIGN AND SUSTAINABILITY NATURALLY COMBINED.

Target group

- Passionate writers looking for a high-quality, sustainable fountain pen.
- Students and young adults who love design and the environment in equal measure.
- So-called 'glamor green shoppers' who wish to take advantage of consumption, yet prefer sustainable products and see them as a status symbol.

Product features

- Climate-neutral* product.
- Shaft made from 100% FSC®-certified wood from Germany.
- Ergonomic grip zone made from 100% bio-plastics based on renewable raw materials.
- To produce the fountain pen cap approx. 35% of the conventional plastic is replaced by natural fibers (sunflower seed hulls).

- The renewable raw materials used are waste products from the food and paper industry that are ethically sound.
- Three types of wood with typical color and grain: Oak, beech, cherry.
- High quality writing system with stainless steel nib with iridium tip ensures soft writing feel without scratches, and maximum leakage protection.
- The product comes with a standard royal blue ink cartridge.
- ***By using renewable materials approx. 70% of CO₂ is saved in the raw material compared to conventional plastic, offsetting of remaining CO₂ emissions with certified climate protection projects. Scan QR code for more information!**

Dealer Benefits

- The product meets the growing demand for sustainable products without compromising on design and writing quality.
- Value-added product with unique selling points.

100% certified wood

- Wooden shaft made from FSC®-certified wood from sustainable German forestry.

STABILO® Grow

Climate-neutral* ballpoint pen

WRITING COMFORT AND DESIGN COMBINED IN A SUSTAINABLE BALLPOINT PEN.

Target group

- Passionate writers looking for a high-quality, sustainable ballpoint pen.
- Students and young adults who love design and the environment in equal measure.
- So-called „glamour green shoppers“ who wish to buy nice things but prefer sustainable products and see them as a status symbol.

Product features

- Climate-neutral* ballpoint pen with ergonomic grip zone.
- Shaft made from 100 % FSC®-certified wood.
- Ergonomic grip zone made from 100 % bio-plastics based on renewable raw materials.
- To produce the ballpoint pen cap, approx. 35 % of the conventional plastic is replaced by natural fibers (sunflower seed hulls).

- With high-quality soft ballpoint pen paste for fast writing.
- The ballpoint pen is refillable with all STABILO Ballpoint refills.
- The renewable raw materials used are waste products from the food and paper industry that are ethically sound.
- Oak wood with typical color and grain, surface oiled with linseed oil.
- Cap comes with a metal clip.
- Quality made in Germany.
- ***By using renewable materials, CO₂ is saved in the raw material compared to conventional plastic; offsetting of remaining CO₂ emissions with certified climate protection projects. Scan QR code for more information!**

Dealer benefits

- The success of the STABILO Grow fountain pen is now continued with the ballpoint pen.
- The product meets the growing demand for sustainable products without compromising on design and writing quality.
- New, attractive price point between the basic and premium segment.
- Value-added product with unique selling points.

STABILO® Write-4-all®

Permanent marker pen

WRITING

READY ANYWHERE.

Target group

- Anyone who wants to leave a permanent mark on a variety of surfaces.

Product features

- Ability to write tested on over 1,000 surfaces – e.g. glass, plastic, photos, ceramic, foil and metal.
- For safely labelling CDs and DVDs.
- Plastic tip (S+ F) is tougher than other markers – and therefore writes clearly on hard surfaces.

- Available in 3 line widths – Superfine, Fine, Medium.
- Quick-drying, permanent ink.
- Available in the four most popular colors.
- High dry-out protection without cap.
- Cap stacks on the end of the pen.
- Pen with ventilated cap.

Dealer benefits

- Great customer benefits and impressive product advantages make it easy to sell.
- A classic for customers with specific requirements.

STABILO® Swano® Pastel

Graphite pencil

TRENDSETTERS WATCH OUT! HERE COMES THE MUST-HAVE ITEM FOR YOUR DESK.

Target group

- Trend-oriented pupils and students who want to demonstrate their good taste with their writing tools.
- Anyone who likes to use pencils for writing and sketching.
- Hobby artists who use pencils to bring their creative ideas to life.

Product features

- A pencil as the popular and handy everyday item that everyone needs - even more so when it comes in trendy pastel colors.
- The six fashionable pastel colors set accents - whether delicate apricot or fresh green, the pencils are the must-have item on every desk.

- A handy helper for small mistakes: The eraser at the end of the pencil lets you erase and correct errors with ease.
- The HB (medium soft) hardness is perfect for writing, sketching and drawing at school, college and the office.
- The pastel pencils are a wonderful addition to the popular pastel ranges by STABILO.
- Also ideally suited for creative uses such as shading, framing, journaling and designing hand letterings.
- First-class STABILO quality that impresses even the most discerning users.

Dealer benefits

- The pastel story guarantees sales: Get on the pastel bandwagon and add accents to your pencil assortment.
- Pencils are something everyone always needs, whether they're artists, pupils or students. Pencils in trendy colors are particularly popular.
- Pastel colors turn ordinary pencils into trendy and stylish accessories that everyone wants to have.

HIGHLIGHTING

STABILO® Highlighters

4h DRY OUT PROTECTION FOR 100 % CONCENTRATED WORK.

TECHNOLOGY AS A BENEFIT FOR USERS

- Thanks to the STABILO Anti-Dry-Out technology, every STABILO highlighter can be left with its caps off for up to 4 hours without drying up.
- This means less distraction from removing and replacing the cap and higher concentration on the content.
- Leaving the cap off does not affect the highlighter as the ink stays fresh for multiple hours.

STABILO® BOSS® ORIGINAL

Highlighter

HIGHLIGHT LIKE A BOSS.

Target group

- Pupils and students who want to concentrate on studying and structuring texts – always with a focus on the essentials.
- Anyone who wants to keep track of things in the office and has to recognize figures, data and facts at a glance.
- Creative minds who want to set highlights.

Product features

- The STABILO BOSS ORIGINAL highlighter makes it easy to set accents in your records and texts.
- Be in style when working: The design classic in proven STABILO quality.
- Good grip in your hand, stylish for the eye – convincing since 1971.
- STABILO Anti-Dry-Out technology – 4 hours with the cap off lets you concentrate on your work without worrying about the pen drying out.

- Wide range of colors for individual structuring and designing 9 intensive fluorescent, 14 subtle pastel colors, 6 nature-inspired colors and a black marker.
- 2 in 1: Highlighter with a chisel tip for two line widths – 2 and 5 mm – perfect for underlining and highlighting.
- Easily refillable to save money and resources.
- Also ideally suitable for creative projects such as shading, framing, journaling and designing hand letterings.
- Water-based ink.
- Quality – Made in Germany.

Dealer benefits

- "THE" highlighter in the highlighter segment: a must in every product line.
- STABILO Anti-Dry-Out technology is a strong sales argument and supports sales.

STABILO® BOSS® ORIGINAL Marker

Highlighter

HIGHLIGHTING

THE DESIGN CLASSIC AS A BLACK MARKER.

Target group

- Creative minds who want to add black accents to their artworks.
- Hobby artists who want to elevate their creative projects by adding some dimension.
- Students who want to strike through parts of their texts.
- STABILO BOSS ORIGINAL lovers who want to complement their collection with a black marker.

Product features

- The classic STABILO BOSS ORIGINAL as a black marker to complement the highlighter range

- 2 in 1: thanks to its chisel tip, the marker can be used for strikethrough and underlining with its two line widths (2 mm and 5 mm)
- The STABILO BOSS ORIGINAL marker black is perfect for adding a special touch to your artworks as it is ideally suitable for shading, framing, journaling, hand lettering and so much more.
- A broad spectrum of 30 colors with including neon, pastel and nature-inspired colors.
- Water-based ink.
- Quality - Made in Germany.

Dealer benefits

- „THE“ highlighter in the text-marking segment as a black marker – the perfect complement to the whole STABILO BOSS ORIGINAL range.
- The well-known shape is attractive and gets recognized easily.
- The wide variety of shades is outstanding – with 30 different colors, there is one for every customer.
- STABILO Anti-Dry-Out technology is a strong sales argument and supports sales.

STABILO® BOSS®

ORIGINAL Pastel

STABILO® BOSS® ORIGINAL Pastel

THE BOSS WEARS PASTEL.

14 SUBTLE COLORS TO EXPAND THE SUCCESSFUL RANGE.

Does a text always have to be highlighted in neon?
No way! Anyone who wishes to demonstrate a flair for
fashion and true understatement need look no further
than the STABILO BOSS ORIGINAL in pastel colors.
In any event, if you really want to say something
important, it is better to use soft tones.

A successful update for a classic that has already enjoyed more
than 50 years of success.

THE PASTEL TREND:

Take a look at the colors of

- STABILO point 88 – pages 151
- STABILO Pen 68 – pages 35

- STABILO BOSS MINI Pastellove Edition 2.0 – pages 215

STABILO® BOSS® ORIGINAL Pastel

Highlighter

HIGHLIGHTING

THE ICON IN SUBTLE COLORS.

Target group

- Pupils who want to concentrate on studying and structuring texts – but who also don't want to go without trendy tools.
- Anyone who wants to maintain an overview in the office and who has to recognize important items at a glance.
- Creative minds who want to use popular pastel colors to set accents.

Product features

- Always keep the important items in focus: Pastel highlighters create low-key highlights and add more structure to texts.

- Concentrate while you work: thanks to the anti-dry-out technology, you can leave the cap off for up to 4 hours without the pen drying out.
- Soft colors for emphatic highlights – a broad spectrum of colors with 14 pastel tones from cloudy blue to dusty grey.
- 2 in 1: A highlighter with a chisel tip for two line widths – 2 mm and 5 mm – perfect for underlining and marking.
- Also ideally suitable for creative projects such as shading, framing, journaling and designing hand letterings.
- Water-based ink.
- Quality – Made in Germany.

Dealer benefits

- "THE" highlighter in text-marking segment in popular pastel colors: a must for every product range.
- The wide variety of fluorescent and pastel colors is impressive – there's something for every customer.
- Anti-dry-out technology is a strong sales argument and supports sales.

STABILO® swing® cool NatureCOLORS

THE SMART HIGHLIGHTER IN TRENDY NATURE COLORS

Target group

- Students who seek reliable highlighters in aesthetic colors.
- Creatives and (hobby) artists who use highlighters to add subtle details to their artwork.
- Trend lovers who like to surround themselves with calm and harmonious colors.

Product features

- The STABILO swing cool highlighter in trendy colors inspired by nature for aesthetic highlights.
- Thanks to the Anti-Dry-Out technology, the cap can be left off for up to 4 hours without the pen drying out.
- The clip allows the highlighter to be secured to any pocket or notebook.
- Perfectly suited to projects, such as shading, framing, journaling and hand lettering.
- 2 line widths: 1 mm + 4 mm.
- Water-based ink.
- Quality – made in Germany.

Dealer benefits

- The trendy nature colors are appealing to a broad target group – from trend-conscious students to modern adults.
- A reliable highlighter in a compact format – a must for every product range.
- Ideal for school, university and anyone on the move.
- The wide variety of fluorescent, pastel and nature-inspired colors is impressive – there is something for every customer.
- Anti-Dry-Out technology is a strong sales argument and supports sales.
